Three Great Settings

Victoria Park Restaurant

Located on the Parkway, midway between the Canadian and American Falls, The Victoria Park Restaurant offers a superb view of both cataracts. Resembling the style of a Swiss Chalet, it has been catering to tourists since 1904.

The second floor dining room is fully-licensed and offers indoor dining — or outdoor dining on the covered balcony. Each entree is carefully prepared under the supervision of our internationally-known Executive Chef. Choose a local Canadian wine. Then add rolls, desserts and French pastries baked on the premises by our Pastry Chef and enjoy an unforgettable dining experience.

On the second floor there's also a Bavarian-style Patio Tavern serving tasty snacks and light, sparkling refreshments. And on the first floor is a modern cafeteria.

At all Niagara Parks Commission restaurants, the atmosphere is relaxed and friendly. Dress is definitely informal — on a come-as-you-are basis!

Queenston Heights Restaurant

Just six miles north from the Canadian Falls, along the Niagara Parkway, historic Queenston Heights is the setting for this fully-licensed restaurant nestled on the brow of the Niagara Escarpment.

During the War of 1812-14, cannon-shot and musket fire thundered through the nearby trees. A monument to General Isaac Brock soars into the sky marking the battlefield.

Today this country setting is beautifully peaceful. Far below, the glistening Niagara River, having lost most of its fury upstream, lazily winds its way to Lake Ontario.

Friendly, courteous service is our hallmark, and family dining is the emphasis at both the Victoria Park and Queenston Heights Restaurants with children's portions available at half price.

Table Rock Restaurant

Whether it's breakfast, lunch, dinner, mid-day or evening refreshments, the fully-licensed Table Rock Restaurant and Tavern is truly one of Niagara's highlights.

Only a few yards from the magnificent Canadian Horseshoe Falls, it provides a breathtaking view of the entire Falls landscape and Upper Rapids.

The Table Rock area has been a focal point for Niagara's millions of visitors since the early 1820's. It was named after a massive limestone ledge which once overhung the Falls and eventually crashed into the frothing waters of the gorge over 100 years ago.

The Table Rock menu boasts a delicious selection of fine food with a special children's item, giving the whole family an opportunity to dine — and view the Falls — without the spray!

In Ontario's Niagara Parks, you'll find food services to suit every taste, mood and budget.
